It gave a comfortable ride at all speeds and behaved perfectly

Boat Mart Magazine, UK

”

Introducing the Ceasar Premium Class: a thoroughbred RIB with an unusual level of comfort and refinement. Unmistakably Ceasar, it embodies our pedigree for a unique appearance, exciting performance and precise, responsive handling. The design philosophy is uncompromising and brings together everything that makes a high quality product. By reinventing the proven reverse chime hull, a vessel has been created that can handle the most challenging sea conditions. Whether you are cruising with the family on a sunny afternoon, or partaking in high speed thrills with a team of boating enthusiasts, it will prove reliable and versatile. The oversized A-Frame enhances its elegance and graceful styling with a multi-function purpose. The sleek hull lines and moulded wrap-around console which houses the heads, gives it a beautiful look with harmonious proportions. With a choice of propulsion options comprising of diesel inboard engines (single or twin), two or four stroke outboards, jet and stern drive units and surface piercing propulsion, you can be sure your Ceasar will unquestionably be the focus of attention in any marina.
